E. Health and Safety Investigations

On-site authorities may enter a room/facility for purposes of a search without permission of the person occupying a room in order to ascertain health and safety conditions in the room and/or for the purpose of investigating suspected violations of UT and TSU Extension/4-H Youth Development rules and regulations and/or city, state or federal law. In case of an emergency, when there is danger to a person, property or the building, no authorization is required.

F. Consent for First Aid Treatment

Please complete this Consent for First Aid treatment form. This will allow appropriate treatment for your child in the event of minor illness or injury. Check any or all treatments, if available, as your consent. If you do not give us your permission to provide these non-emergency treatments, we will not be able to provide them to your child. Medication may be self-administered under a health care professional's or trained 4-H agent's supervision as appropriate. Conditions in parentheses are examples of the most frequent use of these medications, but may not be the sole use of the medication.
