

## **Clover Bowl Rules – COUNTY Level**

Each school can have one team per grade level compete at the county level. A team consists of four students that are all in the same grade level. They do not have to be in the same classroom. There can also be one alternate per team. The alternate must also be in the same grade level.

Students will be quizzed on questions from their grade level. Example: 4<sup>th</sup> Grade will be quizzed on 4<sup>th</sup> Grade questions, 5<sup>th</sup> Grade will be quizzed on 5<sup>th</sup> Grade questions, and so on.

Winning teams will proceed to the Regional Contest. At the Regional Contest teams will be quizzed on their grade level questions AND any grade level questions from grades below them. Example: 6<sup>th</sup> Grade at the Regional level would be quizzed on 6<sup>th</sup> Grade questions, 5<sup>th</sup> Grade questions, and 4<sup>th</sup> Grade questions.

Questions are updated annually. Please check this website for a list of questions that can be printed off. <https://eastern.tennessee.edu/4-h-clover-bowl/>
